Wichita

2020

ANNUAL REPORT

OUR MISSION

RMHC Wichita provides vital resources and compassionate care to children and their families being served by community health care providers.

Richie came nine weeks early.

We rushed to the Newton hospital and they immediately put me on a monitor. Richie's heart rate started dropping and we were told we were having the baby that day.

We had left that morning with the clothes we had on. We thought we'd be in Newton for a 15–20 minute check-up and head right back home. The next thing you know, it's two o'clock in the morning, I'm in an ambulance, and my husband is following in the car to Wesley Children's Hospital.

Richie was born at just two pounds 12 ounces. All of our family came rushing down to see Richie in the Neonatal Intensive Care Unit of Wesley Children's Hospital where he stayed for the next 32 days.

I spent the first four days in the hospital after the emergency cesarean section, and one of my nurses told us about Ronald McDonald House Charities Wichita.

Without the Ronald McDonald House, we would have been driving back and forth from home every day to the hospital. Because of Covid-19, I would have had to sit in a car napping, pumping, and recovering from surgery while my husband took his turn with our son in the NICU.

Because of RMHC, we didn't have to

take turns with Richie in the hospital. It was nice when I wasn't with him that I could come back to a quiet place.

Our experience at the Ronald McDonald House was life-saving! We were there for four weeks and being literally across the street from the hospital was so convenient. It was a lifesaver for us to be so close!

The Ronald McDonald House really responded quickly regarding the safety of families during the Covid-19 pandemic. As more information came out, they adapted and quickly started delivering food to our rooms.

When masks were recommended, they gave us masks to wear. It helped prove how conscientious they are and show how caring they are to the families.

The Ronald McDonald House was home in a stressful time for us. Dealing with Covid-19, a preemie baby, and 32 days in the hospital, the Ronald McDonald House was our home.

They were fabulous. They were so supportive. They were our lifeline and I'll never be able to say thank them enough.

Richie is doing fabulous now. He is now 15 pounds 3 ounces. He is super healthy, meeting his milestones and doing well!

2020 IMPACT

In 2020, RMHC Wichita served

175

families

in our Ronald McDonald House and

1,421

guests in the Ronald McDonald Family Room

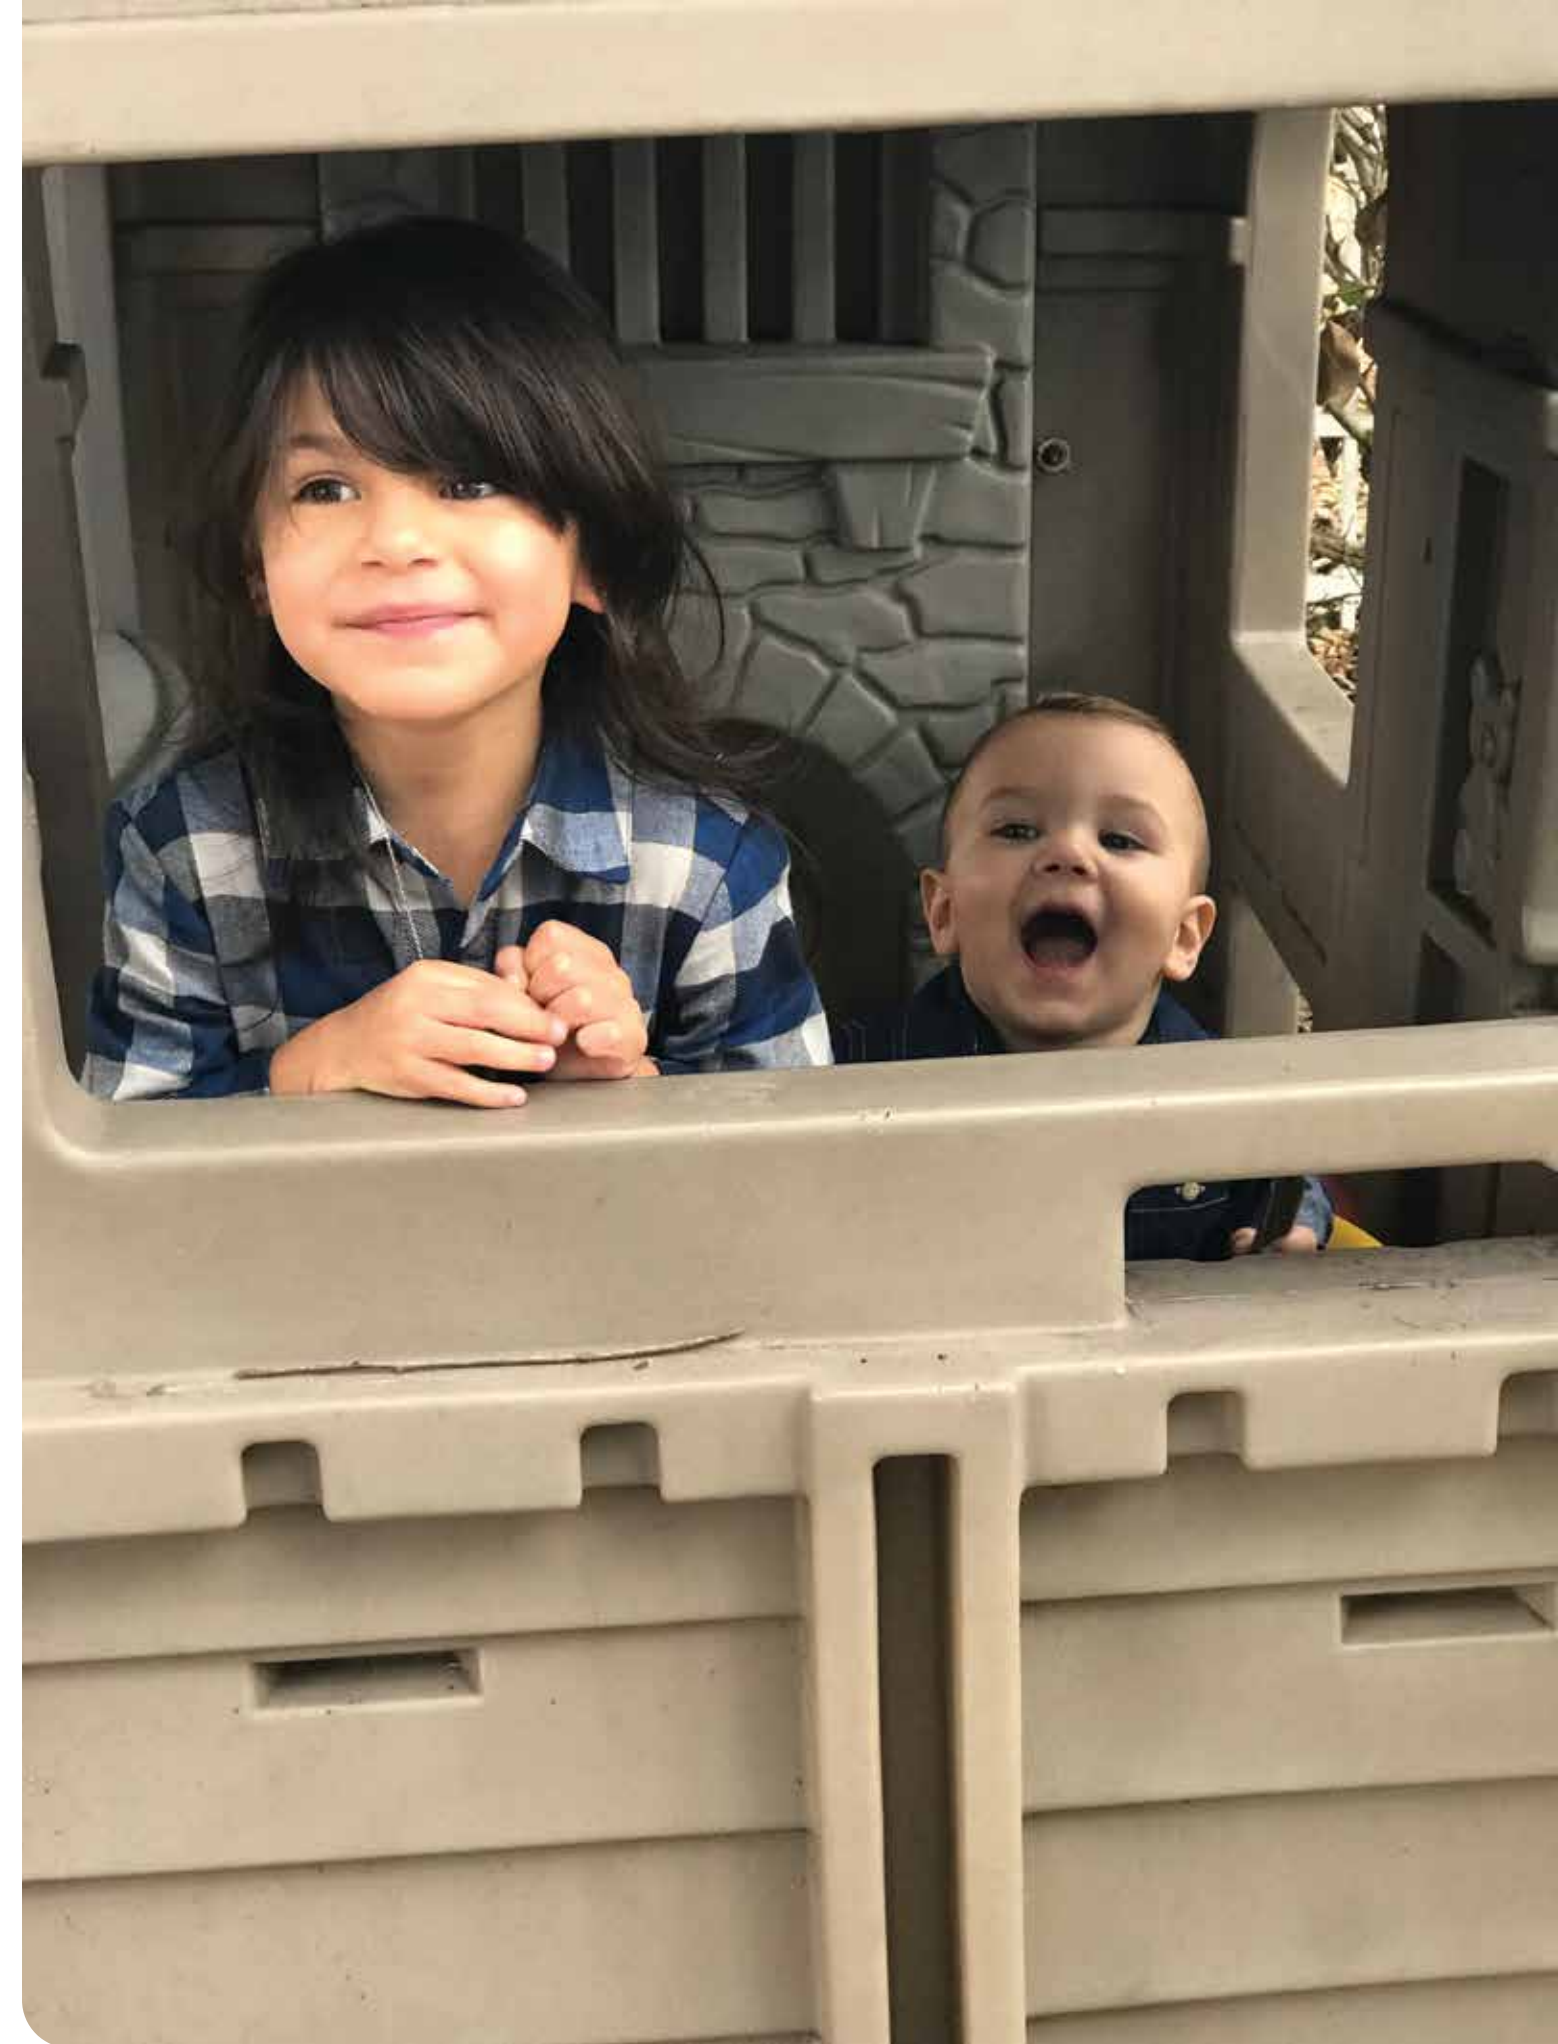

In 2020 RMHC Wichita provided
